mission statement

Our Commitment: We seek to be a leader by - promoting the well-being of our investors, borrowers, shareholders, staff and communities we serve.

Central to our purpose are the following aims:

Financial: To achieve sound financial growth and to preserve and improve our position by ensuring a strong and profitable Society for the benefit of all.

Service: To achieve high standards of personal, efficient service and presentation meeting the needs of customers in an efficient and caring manner and to ensure that our systems and technology are equal to the task.

Products: To ensure our principal investment and lending activities remain competitive and attractive, while safe-guarding our financial stability and security; and to provide associated banking and financial products which are desired by our account-holders.

Community: To accept every opportunity to educate customers and the public in the importance of saving and achieving eventual home ownership; and to assist and foster our local communities by being a caring corporate citizen by involvement with and support of - when possible - community activities, organisations and events.

Staff: To provide a challenging career in a progressive and successful environment; and to promote active participation in and a desire to achieve our aims.

about us

Wide Bay Capricorn Building Society Ltd (ABN 40 087 652 060) is based in Bundaberg, Queensland, and is one of that State's largest non-bank Approved Deposit Taking Institutions.

We are earning an Australia-wide reputation for dedication as a specialist provider of banking products and financial services - in particular for the provision of home finance and investment opportunities.

A listed company on the Australian Stock Exchange Limited, we have a solid track record of achievement and growth.

Our reputation for competitive products and customer service is the result of having a genuine interest in each and every account-holder and the flexibility to adapt to our customer's changing needs - something you won't get from a larger financial institution!

Plus our banking and financial transactions are supported by advanced financial technology and efficient process and systems.

We are keen to help you improve your financial position by providing sound advice, the right product for your individual needs, and financial solutions to help you get ahead.

history

Our Society was formed in Queensland in 1979 as the result of a merger of two building societies.

The Burnett Permanent Building Society (based in Bundaberg) and the Maryborough Permanent Building Society - which had operated since the early 1960's.

In 1981, Wide Bay Capricorn also amalgamated with the Gympie and North Coast Building Society. Then again in 1983, another merger occurred with the Gladstone-based Port Curtis Building Society.

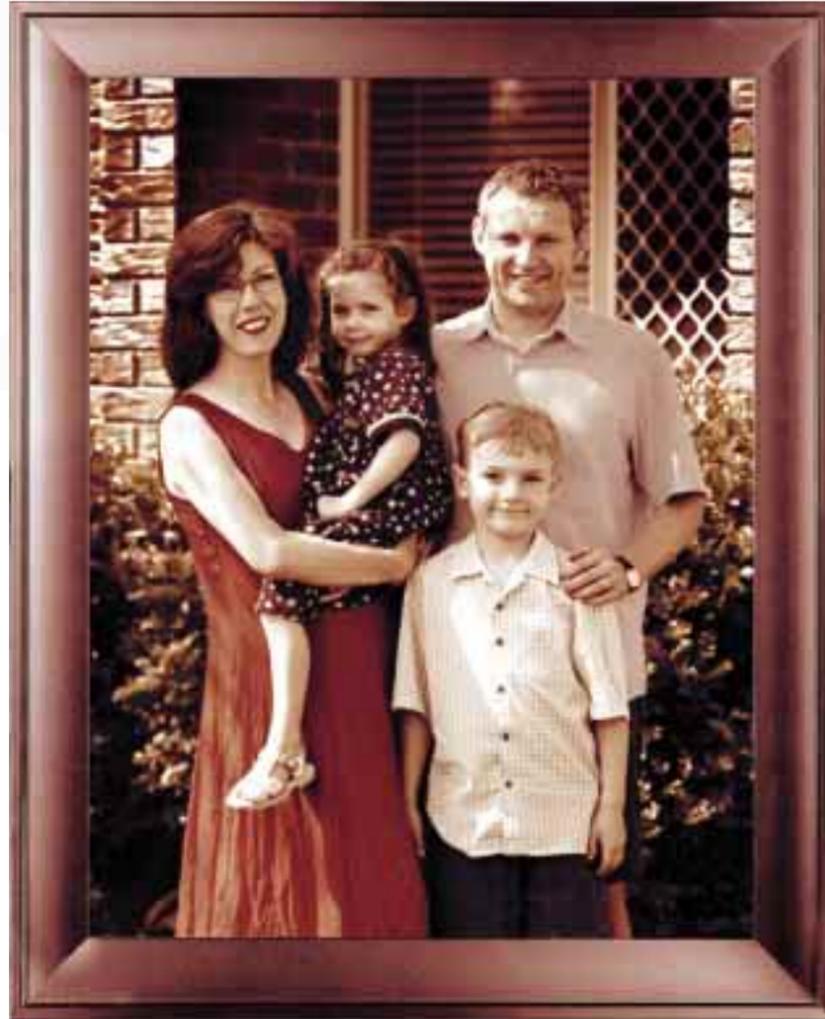

Wide Bay Capricorn continued to foster the aims of its predecessor societies which were established to co-ordinate the joint savings of members to foster home ownership in the community. As a result funds under management grew strongly as did the loan book as we made home ownership more achievable for thousands of people by providing affordable, low deposit home loans.

As a result of our history, we enjoy solid support in Central and South-East Queensland - and benefit from the diversification of economies and opportunities.

We have also built on this foundation - offering a broader range of banking and financial services and operations that extend through the greater part of regional Queensland and into Brisbane, Sydney, Melbourne and Adelaide.

Wide Bay Capricorn listed on the Australian Stock Exchange Limited in 1994 and our shares have traded strongly since then - reflecting our record of growth and profitability.

growing strong...
growing together...
banking and financial
services for a new millennium!

housing families...
across four States...
a 46.91% increase in lending!

When you invest your hard-earned money, you're looking for both a sound return and peace-of-mind.

So while striving to provide competitive and attractive products and services, we've also made a commitment to offer you quality, safety and security.

Our policies and controls have produced a consistent record of stability and growth and helped form a strong foundation for the future.

When making the decision to invest, the following facts may help answer some of the questions you may have:

Built on a Strong Foundation

Our history demonstrates a solid record of strength, growth and stability.

Supervision and Regulation

Australian Prudential Regulation Authority:

We are supervised by the Australian Prudential Regulation Authority (APRA) – as are other building societies, banks, credit unions, friendly societies, life and general insurance companies, and superannuation funds.

APRA is responsible for prudential supervision - that is the promotion of safety and soundness by these institutions.

APRA provides a consistent approach to the supervision of both banks and building societies.

APRA Infoline - 13 10 60

APRA Website - www.apra.gov.au

Australian Securities and Investments Commission:

Another body responsible for protecting account-holders and shareholders is the Australian Securities and Investments Commission (ASIC).

ASIC protects consumers from misleading and deceptive conduct, and also regulates matters affecting incorporation, corporate governance and disclosure.

ASIC Infoline - 1300 300 630

ASIC Website - www.asic.gov.au

Australian Stock Exchange Limited:

As a listed company on the Australian Stock Exchange Limited (ASX), we are required to meet strict reporting and disclosure requirements.

Our shares have traded on the ASX since 1994, and have consistently performed strongly.

Quality Loans Portfolio

A significant aspect of our Society's operations is our lending activities.

The majority of our loans have been restricted to residential purposes secured by registered mortgages.

We also have a policy of insuring each and every loan with lenders mortgage insurance – arranged through an approved and registered lenders mortgage insurance company. This insurance helps protect us against loss in the event of default by a borrower and provides additional comfort to depositors and investors.

directors' report

The year just concluded has been one of major achievement and development which, in a period of intense competition, will have long term ramifications for the future performance and direction of the Society.

Our profit result, reflecting the Society's ability to compete and progress, of \$4.889 million after-tax represents an increase of 10.97% over the previous year.

Our lending was consistent throughout the year with total loans approved amounting to \$257.28 million - an increase of 46.91% over the previous year. This strong lending performance was referred to in last year's report as a trend that developed in the later six months of that year and it is now transferring benefits to our operating results.

The Society has, for some time, actively funded a percentage of its growth and lending portfolio through the use of securitisation programmes and this year has seen a further expansion of that funding. Our total assets including our on balance sheet securitisation programmes, as per our consolidated accounts, have grown to \$923.9 million - an increase of 24.63% over the previous year.

These achievements have been made without heavy branch distribution expenditure and in fact your Board, where appropriate, has decided not to continue with some branches and agencies where their cost and performance could not be justified.

Even with an increasing move to securitisation to provide funding for our loan book and some rationalisation of operations, we remain conscious and committed to the development and expansion of services in our retail network and customer base - particularly throughout provincial Queensland. We will continue that commitment whereby we can well be regarded as the local community bank - providing a full range of banking and financial services.

Our interstate operations, particularly in Melbourne, continue to show strong growth and together with Sydney, Adelaide and our traditional Queensland operations, provide a broad geographical spread for the Society's activities.

Our licensed lender's mortgage insurance captive, Mortgage Risk Management Pty Ltd, has performed well throughout the year and as insurance premium earnings are brought to account increasingly over the next few years, will make a substantial contribution to our overall results. Its performance in the area of claims experience has to date been exceptional, with a very strong arrears position. Throughout the year, we have used this subsidiary exclusively to insure our lending products.

Our Year 2000 planning ensured a successful roll over with no difficulties being experienced. Unfortunately, there was a significant cost attached to our Y2K planning and this has been absorbed in the trading results for the year. Consistent with the technological era, the Society is developing financial e-commerce and internet products providing a range of benefits and services. Within the next few weeks our internet site will be fully operational, allowing a range of internet banking applications.

Our telephone banking introduced during the year is showing strong support from our shareholders and customers. Plans are also well advanced to introduce a MasterCard, currently scheduled for launch prior to the end of this calendar year. Within the next month, we are also planning to have BPAY available. Our network has also been upgraded to enable all of these facilities to be available through individual branches and agencies.

We have now introduced financial planning services through a joint venture with Financial Technologies Securities Pty Ltd, who have been associated with the Society for many years. Our "Wealthpath" products are already receiving strong support and acceptance from investors. As this product expands over the next few years, it will also significantly contribute to the Society's annual performance.

Our general insurance facilities, "Widecover Insurance" continues to go from strength to strength and is a major part of our operations.

Your Board has also been conscious of the impact of costs and has constantly reviewed our operations.

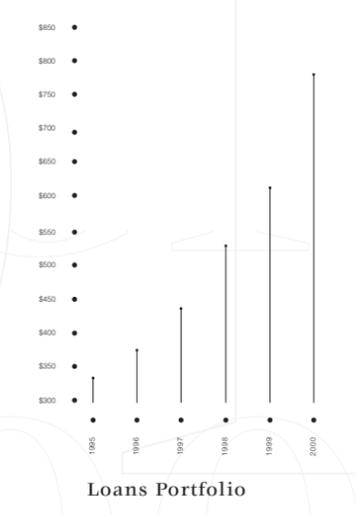

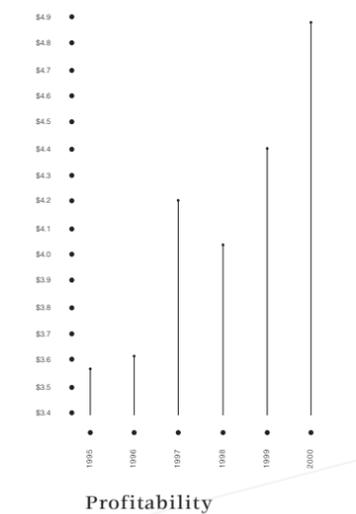

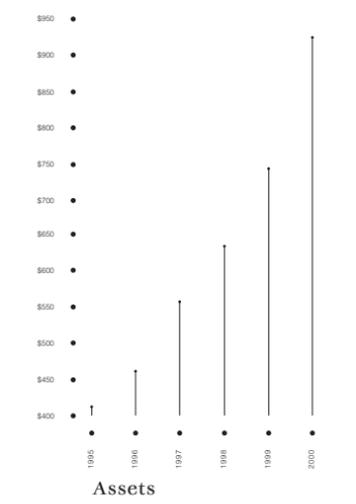

Where appropriate, we have introduced charges for services, albeit at a much lesser scale than our major banking competitors. These reflect the "user-pays" principle - particularly in relation to high volume accounts. Operating margins in respect of loans continue to be strained through competitive forces and these charges help offset the reduced margins being experienced throughout the industry as a whole.

As mentioned in our previous annual report, our industry was being transferred to the supervision of the Australian Prudential Regulation Authority (APRA), which supervises and controls the standards, management and operations of approved deposit-taking institutions. This transfer provided for a transitional period up to December 2000 and we have already satisfied and meet the requirements for that transfer.

At a Special General Meeting of members and shareholders held on 9 May 2000, where notice was forwarded to every member, the adoption of a new constitution and voting structure was approved. This change to our constitution now places us on an identical basis to the major companies throughout Australia. We are now required to meet the same reporting and accountancy requirements as all companies registered under the Australian Corporations Law which provides for one vote per share in respect of fixed shares on issue.

Throughout the year we reviewed our investment in Fincom Pty Ltd, a subsidiary of the Society, which holds an interest in the shares of QSI Payments, Inc. The Society increased its shareholding, following a placement by QSI, and currently has a direct shareholding of 4.36% in the current shares on issue of that company. QSI has developed an e-commerce product that is being used by major banks and financial distributors

strong profits...
consistent lending records ...
working together ...
making it happen!

community banking...
 understanding...
 commitment...
 making you feel important!

throughout the world. The company has announced that one of its major shareholders is now Goldman Sachs and that they will be considering a listing on the NASDAQ within the next twelve months. The product being developed by QSI uses part of the software developed in-house by our Society, and given the knowledge of that product, we are confident that if a listing goes ahead there will be some reasonable future benefits to the Society.

Perhaps our major achievement was the recent placement in August of a Wide Bay Capricorn Building Society public issue amounting to \$197.2 million, where Wide Bay Capricorn paper was taken up by institutions in the general market, with the Class A notes carrying a 'AAA' rating. In particular this issue stood out in respect of high Loan to Valuation Ratio (LVR) loans and in size was a milestone in the financial sector.

Our fixed shares have traded steadily on the Australian Stock Exchange although the number of available shares for trade have at times been limited. The Board has declared a fully franked final dividend of 11 cents per share to be paid on 3rd October 2000 - bringing our total dividend for the year to 22 cents. The Directors have also resolved to suspend the Dividend Reinvestment Plan.

Throughout the year, our Management Team has continued to apply competence, dedication and enthusiasm. These factors contributed greatly to the progress of the Society. On behalf of the Board, I extend our appreciation for their efforts.

The year ahead is not going to be any less difficult or competitive.

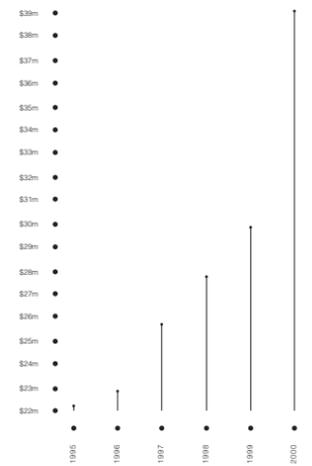

We believe however that with the structures and products we now have in place and the initiatives that have been taken in respect of our securitisation programme and development of our lending operations, that your Society will continue to grow from strength to strength.

On behalf of the Board, I extend our appreciation for the strong support from shareholders and customers throughout the year.

Yours faithfully,

J.F. Pressler
 Chairman

Shareholders' Equity share capital and accumulated reserves

Wide Bay Capricorn Building Society
2001 Balance Sheet

managing director's report

It is indeed a pleasure to provide an overview of the Society's operations for the year 1999-2000. The immediate challenge for the year was Y2K, which required a large amount of planning and testing from our Computer and Administration personnel - as well as ensuring that all of our associated suppliers, in respect of EFTPOS, ATM's etc, would not interfere with the Society's operations on changeover. Fortunately the roll over occurred without any problems and one can only wonder whether the large amount of resources and funds deployed were in the end warranted.

Our year's activities have been underpinned by strong lending figures, supported by our interstate operations of Melbourne, Sydney and Adelaide. Our lending figures of past years, have been the springboard for the growth in the Society and the maintaining and improvement of our profit results. Our loans approvals for the year amounted to \$257.28 million compared to \$175.13 million for the previous financial year.

Our assets, because of the strong growth in loans, have also increased substantially, closing the year at \$923.9 million an increase of 24.63% from the previous year. We have sourced the funding for loans from traditional retail deposits through our branches and agency network and by expanding our securitisation programme that was commenced in June 1997 with the assistance and support of SG Australia Limited.

During the year an amount of \$231.9 million was drawn down through a securitisation programme and a warehouse facility established with SG Australia Limited. In August the Society completed a public issue of Wide Bay Capricorn paper into the capital markets, which was strongly supported by institutional investors. This placement comprised higher loan to valuation ratios and at \$197.2 million was the largest placement of its type issued in the financial markets. The experience gained and the association developed with SG Australia Limited has enabled us to have in place a strong securitisation funding programme which will meet our funding requirements over and above our retail deposits for the foreseeable future.

Our growth in assets has been achieved without any major branch and agency development and this has tended to contain our costs and improve our operating ratios.

The Society has always performed well in the KPMG annual survey of Australian building societies and again this year we achieved the following placements in that survey: -

- Total Assets - 6th;
- Increase in Total Assets - 3rd;
- Return on Total Assets - 2nd;
- Return on Shareholder Equity - 2nd;
- Profit after Tax - 4th;
- Operating Expense/Avg Total Assets - 4th
- Cost to Income - 2nd.

Our cost to income ratio and cost to average assets, continue to perform well and our sustained growth will see those figures improve.

The establishment of our own lenders mortgage insurance company early in 1999 has seen us insure completely our lending programme for 1999/2000 with that captive, Mortgage Risk Management Pty Ltd. To date the performances of the fund have been excellent and as premiums are progressively allocated to income, this captive is expected to contribute substantially to our annual results. The operation of the captive is supervised by experienced managers in that field and experienced personnel are in place at Head Office to overview loan approval processing and arrears administration.

Wide Bay Capricorn Building Society Ltd.

Annual Report 2000

Management Team left to right

- Gerry Savage** A.I.M.M., A.I.F.S., J.P. (C.dec) Manager - Loans and Insurance
- Ray Linderberg** B.Bus. (Comm), A.I.F.S. Marketing Manager
- Joanne Norris** Administration Supervisor
- Ian Hatton** Business Development Manager
- Gayle Job** Training Manager
- Dale Hancock** B.Bus., A.I.F.S. Manager - Securitisation and Interstate Operations
- Ian Pokarier** A.I.F.S. Operations Manager
- Barry Lambooy** C.A.(S.A.) Internal Auditor
- Frances McLeod** A.I.F.S., J.P. (C.dec) Assistant to the Managing Director
- Jim Aisthorpe** A.A.U.Q., J.P. (C.dec) Secretary and Administration Manager

Managing directors

Changing technology has provided many challenges, particularly to our Computer Department and our Manager, Mr Ian Pokarier has been active in ensuring that we maintain our presence and competitiveness with the provision of services such as telephone banking and recent developments in hand of internet banking and our own website. We are scheduled to join the BPAY network within the next month and this will provide a complete range of facilities complementing our already well established ATM EFTPOS network. Plans are in hand to introduce a MasterCard, currently scheduled prior to the end of this calendar year.

Our investment in QSI Payments, Inc. as mentioned in our previous report was increased during the year and the prospects for the Society, with that company's association now with Goldman Sachs, and planning for a NASDAQ listing, are very promising.

Our general products continue to expand, with Widecover Insurance receiving exceptional support and our financial planning arm now fully operational in Bundaberg and the North Coast, with representatives scheduled for the rest of our branch network during this financial year. Our Thomas Cook Agency is operational. Medibank Private is well used by our members and we continue to monitor and broaden our range of loan products, at the same time maintaining our long standing policy of only lending where there is appropriate residential accommodation security and the loan is fully insured with a Lender's Mortgage Insurance company, ensuring that we have minimal bad debt write offs throughout the year.

Our fee structure is carefully monitored and varied and we are adopting the principle of "user-pays" where the high cost of many of these transactions is passed onto the actual user, rather than subsidised from interest income where the margin is continually being eroded through market forces and competition. We endeavour at all times to ensure that we are substantially less than

the major banks and other financial institutions providing a competitive edge to the Society.

We have complied with the requirements under the transitional provisions for the transfer from the Australian Financial Institutions Commission (AFIC) to the Australian Prudential Regulation Authority (APRA). We have adopted a new set of rules and constitution, which conform with Corporations Law and are consistent with other listed companies throughout Australia.

Our trading on the Australian Stock Exchange is steady, although at times there are not a large number of sellers. This year we paid a dividend of 22 cents per share fully franked. We continue to receive strong support from our brokers and some larger shareholders.

The Society has always been focused on customer service and relationships and we continue our strong in-house training whereby all levels of staff visit Head Office on a regular basis for training, ensuring their capabilities with new products and our computer systems.

Whilst the success of any organisation is firstly at the direction of the Directors, total success relies on the capabilities and contributions of the staff, particularly the senior staff. In that regard we are very fortunate that our senior staff, apart from being enthusiastic and dedicated, in most cases have been with the Society for many years and conscious of their responsibilities. They have been significant players in the successes we have achieved to date and I extend my personal appreciation to them for their support and contributions.

The Society is now well placed to maintain a focused presence throughout our branches and agencies and will continue, in particular through products, services and facilities, to endeavour to be recognised as a community bank playing a major role where we are represented with our branches and agency network.

1999/2000, whilst being at times a very hectic year, has been very satisfying and I am sure that 2000/2001 will continue to show increased performances.

Yours faithfully,

R.E. HANCOCK

For the purposes of the Statement of Cashflows, cash includes cash on hand and deposits on call. The cash at the end of the year can be agreed directly to the Balance Sheet.					

notes to and forming part of the accounts

for the year ended 30 June 2000

NOTE 1

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This general purpose financial report has been prepared in accordance with the historical cost convention except for certain assets which are at valuation. The accounting policies adopted are consistent with those of previous years. The accounts of the Society have been prepared in accordance with the accounting concepts, standards and disclosure requirements of the Australian accounting bodies, Urgent Issues Group Consensus Views, Accounting Standards and the requirements of law, so far as they are applicable to Building Societies.

a) DEPRECIATION

Depreciation is provided on a straight line basis on all property, plant and equipment other than freehold land.

Depreciation periods for major categories are:

Buildings - 40 years

Plant and equipment - 4 to 6 years

Leasehold improvements - 4 to 6 years or the term of the lease, whichever is the lesser.

b) EMPLOYEE ENTITLEMENTS

Contributions made to employee superannuation funds are charged as an expense when incurred.

c) CHANGES IN COMPARATIVE FIGURES

Where necessary comparative figures for 1999 have been adjusted to conform with accounts disclosures adopted in 2000.

d) LOANS AND ADVANCES - DOUBTFUL DEBTS

All Society loans, excluding staff share loans, are protected with either one of the recognised mortgage insurers or through the Society's wholly owned subsidiary Mortgage Risk Management Pty Ltd, an approved lenders mortgage insurer, and secured by registered mortgage over residential property. With respect to the staff share loans these loans are secured by a lien over the relevant shares and dividends. There are no loans on which interest is not being accrued and no specific provision for doubtful debts for any type of loan.

Specific provisions for doubtful debts and write-off of debt is in respect of overdrawn savings accounts and relevant non recoverable amounts.

e) RECOVERABLE AMOUNT

The carrying amounts of all assets are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amounts of the assets exceed the recoverable amount, the asset is written down to the lower value. Expected net cash flows have not been discounted in determining recoverable amounts.

f) REVENUE RECOGNITION

Dividend income is taken into profit when received. Fees and commissions are recognised as revenue or expenses on an accrual basis.

notes to and forming part of the accounts

for the year ended 30 June 2000

g) INCOME TAX

Tax-effect accounting is applied using the liability method whereby income tax is regarded as an expense and is calculated on the accounting profit after allowing for permanent differences. The timing differences that occur on items between accounting treatment and taxation treatment are reflected as a future income tax benefit or a provision for deferred income tax calculated at the prevailing income tax rates. The income tax expense has been calculated at 36%, however the future tax benefit and deferred tax balances have been calculated at 30%, recognising the year to which the majority of these balances are attributed. This adjustment has been charged to the income tax expense.

h) PRINCIPLES OF CONSOLIDATION

The consolidated financial statements are those of the consolidated entity, comprising Wide Bay Capricorn Building Society Ltd (the parent entity) and all entities controlled by Wide Bay Capricorn Building Society Ltd during the year and at balance date. The financial statements of subsidiaries are prepared for the same reporting period as the parent entity, using consistent accounting policies. All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full.

i) SECURITISED LOANS

The Society has since June 1997 funded its loan activities by an increasing use of securitisation of the Society's mortgages. These securitisation programmes are on balance sheet and appropriate provisioning of capital adequacy applies. In accordance with accounting standard AASB 1014, an offset of the securitisation programme has been applied to the loans under management in the financial statements of the chief entity. As this then does not clearly reflect in the financial statements the total of the Society's asset portfolio including securitised loans, the Directors have for full disclosure adopted the policy in the consolidated financial statements of incorporating the loans under management as part of the total loans portfolio and the funding received as part of the Society's borrowings. (refer notes 10 and 16) It is considered for the information of shareholders that this provides more accurately the scope of the Society's activities. The costs associated with each securitisation programme are amortised over the life of the programme.

Mortgage Risk Management Pty Ltd is a wholly owned subsidiary of Wide Bay Capricorn Building Society Ltd and is a registered lender's mortgage insurance provider. The company acts solely for the purpose of insuring the Society's residential mortgages and has received APRA and AFIC approval. The Society's operations are subject to and under the supervision of APRA in respect of compliance and capital requirements. The Society's exposure to risk is limited with a major reinsurance contract in place with one of the larger world reinsurers.

The Society has a controlling interest in Fincom Pty Ltd through its right to exercise in excess of 50% of the voting rights. Fincom Pty Ltd has an interest in QSI Payments Inc. which has developed e-commerce software marketed to financial institutions throughout the world. The Society holds 44% of the capital of Fincom Pty Ltd and it is anticipated that QSI Payments Inc. will develop its base over the next period and are contemplating a possible NASDAQ listing within the next 12 months. Through its holding in Fincom Pty Ltd, the Society has an indirect interest of 952,475 shares in QSI Payments Inc. and following Fincom exercising their rights to participate in future issues to maintain existing equity, the Society purchased a further 333,431 shares for a total investment of US\$ 903,934 (A\$ 1,517,942) at a cost of US\$ 2.711 per share, as a result of an equity purchase by Goldman Sachs and Associates at that rate.

WBC No 1 Pty Ltd, WBC No 2 Pty Ltd, WBC No 3 Pty Ltd and WBC No 4 Pty Ltd were registered for the sole purpose of enabling the Society to undertake research and development projects. The benefits of the projects for the group are in the form of tax benefits passed on to the chief entity as a consequence of research and development expenditure and purchase of core technology. Projects may earn royalty income in future years and any such income will be brought to account in the year in which it is earned. WBC No 1 Pty Ltd, WBC No 2 Pty Ltd and WBC No 3 Pty Ltd were disposed of in July 2000.

	12,610,095	12,628,511	12,610,095	12,628,511
Land and buildings were all revalued as at 30 June 2000 by independent registered valuers:				
N L Maddern FAPI of Maddern Valuation Services				
G W Litherland FAPI and C L Roffey AAPI of Herron Todd White Valuers.				
I D Clarkson AAPI, B.Bus (RPVA) of Clarkson & Thomas Valuations				
The valuations were based on current market values. The society's policy is to revalue freehold land and buildings every three years. In valuing freehold land and buildings, the Directors have not taken into account the potential impact of capital gains tax on the grounds that such assets are an integral part of the Society's operations and there is no intention to sell the assets.

	2000	2000	1999	1999
Staff Share Plan				
20 October 1999 - 193,750 ordinary shares were issued.				
Shares issued pursuant to the Society's staff share plan were at a price of 90% of the weighted average price of the Society's shares traded on the Australian Stock Exchange for the 10 days prior to the issue of the invitation to subscribe for the shares. The members of the Society approved a staff share plan in 1992 enabling the staff to participate to a maximum of 10% of the shares of the Society. The share plan is available to all employees under the terms and conditions as decided from time to time by the Directors, but in particular, limits the maximum loan to each participating employee to 40% of their gross annual income. The plan requires employees to provide a deposit of 10% with the balance able to be repaid over a period of 5 years at no interest.				
The total number of shares issued to employees during the financial year was	193,750	76,000	193,750	76,000
The total market value at date of issue, 20 October 1999 (20 October 1998) was	707,188	249,280	707,188	249,280
The total amount paid or payable for the shares at that date was	656,813	225,720	656,813	225,720
Dividend Reinvestment Plan				
8 October 1999 - 598,096 ordinary shares were issued				
14 March 2000 - 241,118 ordinary shares were issued				
Shares issued pursuant to the Society's dividend reinvestment plan were at a price of 95% of the weighted average price of the Society's shares traded on the Australian Stock Exchange for the 10 days following the books closing date for the dividend.

NOTE 34

FINANCIAL INSTRUMENTS

Terms, conditions and accounting policies

The economic entity's accounting policies, including the terms and conditions of each class of financial asset, financial liability and equity instrument, both recognised and unrecognised at the balance date, are as follows:

Recognised Financial Instruments	Balance Sheet Notes	Accounting Policies	Terms and Conditions
Financial Assets			
Short term deposits	6 7	Short term deposits are stated at the lower of cost and net realisable values. Interest is recognised when earned.	Short term deposits have an effective interest rate of 5.51% (1999 - 4.10%)
Receivables	8	Amounts receivable are recorded at their recoverable amount.	
Bills of exchange and promissory notes	9	Bills of exchange and promissory notes are stated at the lower of cost and net realisable value.	Bills of exchange and promissory notes have an effective interest rate of 5.64% (1999 - 4.96%)
Certificates of deposit	9	Certificates of deposit are carried at cost. Interest revenue is recognised when earned.	Certificates of deposit have an effective interest rate of 5.31% (1999 - 5.08%)
Notes	9	Notes are carried at the principal amount.	These notes are an overcover required as part of the securitisation of loans. They are non interest bearing.
Loans and advances	10	Loan interest is calculated on the closing daily outstanding balance and is charged in arrears to the customer's account on a monthly basis. Loans and advances are recorded at their recoverable amount.	All home loans and home equity loans are protected with either one of the recognised mortgage insurers or through the Society's wholly owned subsidiary Mortgage Risk Management Pty Ltd, an approved lenders mortgage insurer and are secured by first mortgage over residential property. Loans made for the purchase of staff shares are secured by the shares themselves. The loan to subsidiary is fully secured against a put option, which is enforceable during the year ended 30 June 2001. Certain of the Society's loans have been securitised and continue to be managed by the Society. Further details are disclosed in note 10.

notes to and forming part of the accounts

NOTE 34 Cont

FINANCIAL INSTRUMENTS

Recognised Financial Instruments	Balance Sheet Notes	Accounting Policies	Terms and Conditions
Financial Liabilities			
Deposits	14	Deposits are recorded at the principal amount.	Details of maturity of the deposits are set out in note 14. Interest is calculated on the daily balance.
Due to other financial institutions	15	The borrowings are carried at the principal amount. Interest is charged as an expense as it accrues.	These borrowings are secured by charges held over registered mortgage documents.
Securitised loans	16	Securitised loans are carried at the principal amount. Interest is charged as an expense as it accrues.	These are loans under management per note 10.
Trade creditors, other creditors and accruals.	16	Liabilities are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the economic entity.	Trade creditors are normally settled on 30 day terms.
Dividends payable	17	Dividends payable are recognised when declared by the company.	Dividends payable represent a final dividend on ordinary shares for the financial year ended 30 June 2000. Further details are disclosed in note 5.
Subordinated capital notes	18	The subordinated capital notes are inscribed debenture stock.	These notes are issued for an initial period of 5 years and thereafter can be redeemed on an annual basis until the final redemption date of 10 years.

Annual Report 2000

The following methods and assumptions are used to determine the net fair values of financial assets and liabilities:

Cash and liquid assets

The carrying amount approximates fair value because these assets are receivable on demand or have a short term to maturity.

Receivables due from other financial institutions

The fair values of receivables are estimated using discounted cash flow institutions analysis, based on current lending rates for similar types of investments.

Receivables

The carrying amount approximates fair value as they are short term in nature.

Investment securities

For the financial instruments traded in organised financial markets, fair value is the current quoted market price adjusted for any realisation costs.

Loans and advances

The fair values of loans receivable are estimated using discounted cash flow analysis, based on current lending rates for similar types of loans.

notes to and forming part of the accounts

for the year ended 30 June 2000

NOTE 34 Cont

FINANCIAL INSTRUMENTS

Other investments

For financial instruments traded in organised financial markets, fair value is the current quoted market price adjusted for any realisation costs.

Other

The carrying amount for these prepaid fees and expenses is considered to be the reasonable estimate of net fair value.

Deposits

The fair values of deposits are estimated using discounted cash flow analysis, based on current lending rates for similar types of deposits.

Payables due to other financial institutions

The fair values of these liabilities are estimated using discounted cash flow analysis, based on current borrowing rates for similar types of borrowing arrangements.

Accounts payable and other liabilities

This includes interest payable and trade payables for which the carrying amount is considered to be a reasonable estimate of net fair value. For the liabilities which are long term the fair value is estimated using discounted cash flow analysis, based on current rates for similar types of liability.

Provisions

The carrying amount approximates fair value.

Subordinated capital notes

The carrying amount approximates fair value.

Credit risk exposure

The economic entity's maximum exposure to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the balance sheet. The maximum credit risk exposure does not take into account the value of any security held or the value of any mortgage or other insurance to cover the risk exposure.

Concentration of credit risk

The Society minimises concentrations of credit risk in relation to loans receivable by undertaking transactions with a large number of customers within the states of Queensland, New South Wales, Victoria and South Australia. The majority of customers are concentrated in Australia.

Credit risk in loans receivable is managed by protecting all home loans and home equity loans with either one of the recognised mortgage insurers or through the Society's wholly owned subsidiary Mortgage Risk Management Pty Ltd, an approved lenders mortgage insurer, and by securing the loans by first mortgages over residential property.

NOTE 34 Cont

FINANCIAL INSTRUMENTS

Interest rate risk

The economic entity's exposure to interest rate risks and the effective interest rates of financial assets and financial liabilities, both recognised and unrecognised at the balance date, are as follows:

directors' declaration

for the year ended 30 June 2000

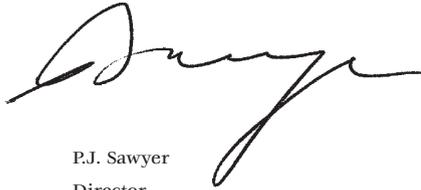

In the opinion of the Directors of Wide Bay Capricorn Building Society Ltd:

- (a) The financial statements and notes of the Society and of the consolidated entity, have been prepared in accordance with accounting standards applicable under the Corporations Law for the year ended 30 June 2000 and
- (b) The financial statements and notes for the year ended 30 June 2000 present a true and fair view of the financial position and performance of the Society and consolidated entity.
- (c) As at the date of this statement there are reasonable grounds to believe that the Society will be able to pay its debts as and when they become due and payable.

Signed on behalf of the Board of Directors of Wide Bay Capricorn Building Society Ltd in accordance with a Resolution of the Board.

R.E. Hancock
Director

P.J. Sawyer

independent audit report to the members of wide bay capricorn building society ltd

for the year ended 30 June 2000

Scope

We have audited the financial statements of the Society for the financial year ended 30 June 2000 as set out on pages 28 to 54. The financial statements include the consolidated financial statements of the consolidated entity comprising the Society and the entities it controlled at year's end or from time to time during the financial year. The Directors of the Society are responsible for the financial statements. We have conducted an independent audit of these financial statements in order to express an opinion on them to the members of the Society.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial statements are free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial statements are presented fairly and in accordance with Accounting Standards, other mandatory professional reporting requirements and statutory requirements so as to present a view which is consistent with our understanding of the Society's and the consolidated entity's financial position and performance as represented by the results of their operations and their cash flows. The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion

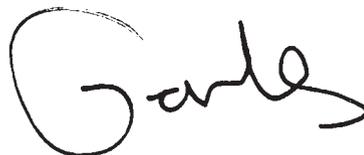

In our opinion, the financial report of the Society is in accordance with:

- (a) the Corporations Law, including:
 - (i) giving a true and fair view of the Society's and consolidated entity's financial position as at 30 June 2000 and of their performance for the year ended on that date; and
 - (ii) complying with Accounting Standards and the Corporations Regulations; and
- (b) other mandatory professional reporting requirements.

directors' statutory report

for the year ended 30 June 2000

REVIEW OF OPERATIONS

The consolidated net profit after income tax for the year was \$4,889,493 representing an increase of 10.97% over the previous year. Total assets were \$923,884,648 including on balance sheet securitised assets, representing a growth for the year of 24.63%. Loans for the year amounted to \$257,280,750 an increase of 46.91% for the year.

During the year a private placement of 1,500,000 shares was made, raising \$5.1 million in additional capital.

There have been no changes in the principle activities of the Society during the financial year, which is a provision of banking facilities, including the raising of funds on deposits and the provision of housing finance over mortgages secured by residential property and insured with a registered lender's mortgage insurer.

During the year the Society insured all loans approved with the Society's wholly owned subsidiary, Mortgage Risk Management Pty Ltd, a registered lender's mortgage insurer. The Society continued to raise a portion of its funding for loans through the expansion of a securitisation programme.

MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR AND FUTURE DEVELOPMENTS.

The Society received an ex-gratia payment of \$1,782,799.90 from the Queensland Government in respect of the Building Societies Fund, which will be brought to account in the profit of the Society for 2000/2001. This distribution is subject to normal taxation and will be added to the Society's capital and reserves to supplement capital adequacy.

There has been no matter or circumstance since the end of the year that will significantly effect the results of operations in future years or the state of affairs of the Society.

The Board expects the operations for the ensuing year to be consistent with the current activities and with the growth of the Society's assets and loan book expects an increase will result in the trading results for the ensuing year.

DIVIDENDS

Dividends paid or declared by the Society, since the end of the last financial year, are as follows: -

- An interim fully franked ordinary dividend of 11 cents per share was paid on 14 March 2000 (9 April 1999 – 10.5 cents).
- A fully franked ordinary dividend of 11 cents per share has been declared by the Directors and will be paid on 3 October 2000 (8 October 1999 – 11.5 cents).

DIRECTORS

There have been no changes to the Directors of the Society during the year. The Directors of the Society in office as at the date of this report were:-

MR JOHN H FELL F.C.A., F.I.F.S.

Mr Fell was a director and secretary of the Gympie and North Coast Building Society from 1976 until merger with the Society in 1981. He was a partner of Fell Laird, Chartered Accountants of Gympie and is a director of Mortgage Risk Management Pty Ltd.

MR RONALD E HANCOCK F.C.A., F.I.F.S.

Mr Hancock is the Managing Director of the Society. He was a foundation director and manager of the Burnett Permanent Building Society formed in 1966, which in 1979 amalgamated with the Maryborough Permanent Building Society to form Wide Bay Capricorn Building Society.

Mr Hancock is a member of the Institute of Chartered Accountants and a director of Cashcard Australia Ltd, Fincom Pty Ltd and Mortgage Risk Management Pty Ltd.

MR KERRY G McBRIDE A.I.F.S.

Mr McBride was appointed to the Board in 1987. He is a recently retired partner of Corser Sheldon & Gordon, Solicitors of Maryborough and Hervey Bay.

The Directors currently hold shares of the company in their own name or a related body corporate as follows: -

ORDINARY SHARES

R E Hancock	1,601,708
J H Fell	509,149
P J Sawyer	433,001
K G McBride	300,888

While Mr J. F. Pressler does not hold shares individually or in a related body corporate he is a director of Hestearn Pty Ltd which holds 303,743 shares.

RELATED PARTY DISCLOSURE

No Directors of the Society have during or since the end of the financial year received or become entitled to receive a benefit by reason of a contract made by the Society except for the following: -

Mr John Fell who provided secretarial and administrative services for the operation of the Society's agencies at Gympie at a fee determined by the Board from time to time aggregating \$440,000 (1999 - \$440,000). He was a principal in the firm of Meltwood Pty Ltd, which partly occupies premises owned by the Society at Mary Street, Gympie. Rental has been assessed by an independent valuer at market value totalling \$45,243 (1999-\$45,243).

Mr Peter Sawyer of Hancock Sawyer Corpe, provides professional accountancy and financial planning advice for an aggregate fee of \$4,667(1999 - \$6,926). Hancock Sawyer Corpe also partly occupy premises owned by the Society and pay rental at a commercial rate in respect of office accommodation amounting to \$92,352 (1999 - \$91,380).

The transactions have occurred within a normal supplier - customer relationship on terms and conditions no more favourable than those that are available to other suppliers.

DIRECTORS AND OFFICERS REMUNERATION

The fees payable for non-executive Directors are determined with reference to Industry Standards, the size of the Society, performance and profitability. The Directors fees for non-executive directors are approved by the shareholders. The individual

directors' statutory report

for the year ended 30 June 2000

allocation of those fees is approved at the Annual General Meeting of shareholders.

The remuneration of the Managing Director is a matter for the non-executive directors. Remuneration of senior executives is subject to the Remuneration Committee. Relevant remuneration is based on the individual's performance throughout the year, the duties and responsibilities undertaken and is set so as to reflect the remuneration commensurate with the market place, given those duties and performances.

The remuneration provided to directors and the five most highly remunerated officers are as follows:

	Base Salary \$	Chairmans Allowance \$	Superannuation \$	Total Remuneration \$
Non-Executive Directors				
JF Pressler	31,944	20,900	7,986	60,830
PJ Sawyer	31,944		7,986	39,930
KG McBride	31,944		7,986	39,930
JH Fell	31,944		7,986	39,930
Executive Director				
RE Hancock	401,917		73,283	475,200
Officers				
IR Pokarier	148,146		71,854	220,000
GW Savage	90,654		6,346	97,000
RC Linderberg	64,019		4,481	68,500
FM McLeod	62,617		4,383	67,000
CM Pokarier	58,411		4,089	62,500

INDEMNITIES AND INSURANCE PREMIUMS FOR OFFICERS AND AUDITORS

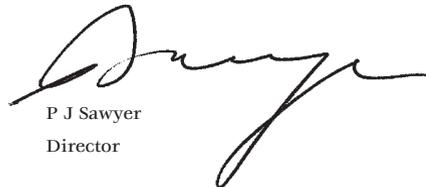

During the financial year the Society has paid premiums in respect of directors and officers liabilities and company reimbursement, directors and officers legal expenses and employment practices liability. Total premium was \$23,413.97

This Report is signed for and on behalf of the Board of Directors in accordance with a resolution of the Board of Directors.

ADDITIONAL STOCK EXCHANGE REQUIREMENTS

STOCK EXCHANGE

Wide Bay Capricorn Building Society Ltd shares are listed on the Australian Stock Exchange. The securities are permanent ordinary shares and at the date of this report there were 19,883,912 shares.

CORPORATE GOVERNANCE PRACTICES

The Board of Directors consists of five directors, four of whom are non-executive directors. An executive director is not eligible to be the Chairperson of the Society. The Board comprises directors with an appropriate range of qualifications and expertise and meets monthly to review a wide range of Society operations, assess performance levels and to participate in all discussions of Society performances and future activities.

The Managing Director is appointed by the Board in accordance with the Society's Constitution and retains that position at the discretion of the Board. Directors, as and when required, review the membership of the Board and recommend potential new Directors, having regard to the current structure of the Board. Retirement from the Board will be generally at the conclusion of the Annual General Meeting of the Society commencing next, after the Director attains the age of 72 years.

All Directors are entitled to seek professional independent advice at the Society's expense in respect to the furtherance of their duties.

A Remuneration Committee is comprised of the Chairman, Mr John Pressler and the Managing Director, Mr Ron Hancock - with the full Board ratifying remuneration levels.

An Audit Committee is comprised of the full Board, which oversees accounting, reports and disclosure activities, in addition to reviewing the interim and annual financial statements. It also reviews the activities and efficiencies of both the Internal and External Auditors and relationships with management.

As the need arises from time to time in the development of products or attending various requirements, subcommittees are appointed by the full Board to attend those functions comprising management and the directors as deemed necessary.

A high level of ethical standards is expected and risk management procedures are reviewed regularly and are in accordance with APRA standards, and procedures and standards adopted by the Society.

BOARD RESPONSIBILITIES

The Board is aware of its obligations and accountability to shareholders, as well as other regulatory and ethical expectations. The responsibility for the operation and administration of the Society is delegated by the Board to the chief executive officer and the executive team and monitored regularly by the Board.

SUBSTANTIAL SHAREHOLDERS
